

## Report of the FISTC Secretary, GA Carlsbad, Ce – 2011.

During the GA last year in Chiomonte I informed my fellow members of the Board of my intentions of starting up "News Letters" on our Website, but I forgot to inform in plenum.

Despite this, you have been able to read some of these News Letters, and I hope that you through this was better informed than before.

My hope was also that our many members through the year would like to inform us all about various things/events happening in their own countries. As this has not been the case I will encourage all of you to take an active part in making our COMMON website more interesting and enlightening, as I am convinced that something interesting must have happened all over Europe during a whole year.

All information regarding our common sport and interest in the Sled dog world has to be sent to me in German or English language and I will pass it on to our webmaster in – I hope – a form and language readable to all of you. The information will of course be returned to sender for accept before being published.

This year gone has as usual been a busy one and this was also the case for me as the new secretary. Many things to do are not written down so sometimes it can be rather difficult what to do, but I hope having done my job to your satisfaction. If not – it is a pity and I hope you will advice me how to do things better. Your advice will be highly appreciated.

Kind regards

Gert Kronholm
